THE HATCH HOUSE,
Main Street, Bangor, Maine.
This House has been thoroughly repaired, refitted, and refurnished throughout with New Carpets, Furniture, Beds and Bedding, and is now open for the reception of company, under the charge of the subscriber.
It is a large, commodious, and well furnished House, situated on Main Street, near the centre of the city, and within a short distance of the Steamboat Wharves and the Depot of the P. & K. Railroad, to and from which Coaches are always in readiness to convey passengers.
Its numerous advantages to strangers, and particularly to those visiting the city on business or for pleasure, renders it one of the most desirable Houses in the city.
Connected with the House is a large and commodious Stable, in charge of competent and faithful hostlers.
By strict personal attention to the comfort of his guests the proprietor hopes to receive a liberal share of patronage.
NATHAN PERRY, Jr.
Bangor, Feb. 26, 1856.

STANLEY HOUSE,
WATER STREET, AUGUSTA, ME.
G. W. RICKER, would respectfully announce to the Traveling Public that he has re-opened the Stanley House, Augusta, and furnished it throughout with NEW and ELEGANT FURNITURE and made every arrangement necessary to continuing it as a First Class Hotel.
This is the most centrally located House in the city, being directly opposite the Depot and in close proximity to the steamboat landing, Court House, Post Office, and but a few minutes walk from the State House.
Business men, or persons traveling for pleasure, will find that this House affords every convenience or luxury that can be desired, and the Proprietor is determined to spare no pains to make it in every respect second to none in the State.
Books for all Stages leaving town will be kept at this House.
In connection with the above are good Stables with attentive and careful Hostlers.

New City Coach.

The subscriber is happy to inform his friends and the public, that he has procured and will this day commence running for their accommodation one of the best and most convenient Hackney Coaches ever brought into this city, with an elegant team of horses, and that he will hold himself in readiness to execute promptly, faithfully, and in the most careful manner any commands in that line with which he may be favored.
Order Books may be found at the Express office of Messrs. Hangman, Carr & Co. and at the Avenue House (late Western Hotel) corner Fourth and Union streets.
N. B. Select parties or families taken to and from Mt. Hope by leaving their orders on my books at any of the above places. N. A. MATHEAS.
Bangor, July 28, 1856.

ANTAGONISTIC
To Prejudice and Empiricism!
OLD DR. CULVERWELL'S
Member of the Royal College of Surgeons (1827) Licentiate of the Hall (1834) and 29 years Medical Referee &c.)
Radical Regenerator,
FOR SEMINAL WEAKNESS,
In all its forms, as Nocturnal and Diurnal Emissions, Nervous Irritability, Premature Decay, Loss of Vitality, Impotency, and all diseases arising from early indiscretion.
This excellent Remedy, discovered by the world renowned Dr. CULVERWELL, in London, the most successful practitioner in his line for the last 30 years, is now for the first time offered to the afflicted in the fullest confidence of its extraordinary virtues. Its salutary effect is almost instantly felt and it will doubtless at once supersede all other means resorted to, medical, surgical or otherwise, to arrest and to cure this awful disease. A single trial will convince the most sceptical that a safe and perfect cure may now be had at the expense of a few dollars which up to this late cond... not be procured for all the gold of the world. The heavy expenses incurred in bringing this article before the public could not be risked were its superiority over every means hitherto employed for the same purpose not a sure guarantee that its employment by *one* person would, through recommendation, result in an eventual sale to many.
DR. CULVERWELL'S admirable and entirely novel plan of treating these diseases is, in the interest of humanity, recommended to physicians throughout the land, to whom every facility will be afforded for testing its wonderful efficacy in their private practice.
Full and plain directions for all the different varieties of the complaint accompany Dr. Culverwell's REGENERATOR-REMEDY, as to enable every one to treat himself or herself successfully. Price $2, on the receipt of which it will be forwarded *by mail,* free of postage, to any part of the country. Address, Messrs. BRIDGMAN & CO., Druggists and Apothecaries, 168 Grand St., New York, Sole Agents for the United States and Canada. Nov 19 d&wly

PURIFY THE BLOOD!
MOFFATT'S
LIFE PILLS
...AND...
PHOENIX BITTERS.
Free from all Mineral Poisons.
THE great popularity which Moffatt's Life Pills and Phoenix Bitters have attained in consequence of the extraordinary cures effected by their use, renders it unnecessary for the proprietor to enter into a particular analysis of their medicinal virtues or properties. Having been more than twenty years before the public and having the united testimony of more than *Three Millions* of persons who have been restored to the enjoyment of perfect health by them it is believed that their reputation as the best vegetable medicine now before the public, admits of no dispute. In almost every city and village in the United States, there are many who are ready to testify to their efficacy in removing disease and giving to the whole system renewed vigor and health.
In cases of *Scrofula, Ulcers, Scurvy* or *Eruptions* of the skin, the operation of the *Life Medicines* is truly astonishing, often removing in a few days every vestige of these loathsome diseases by their purifying effects upon the blood. *Fever and Ague, Dyspepsia, Dropsy, Piles* and in short most all diseases soon yield to their curative properties. No family should be without them as by their timely use much suffering and expense may be saved.
Prepared by WILLIAM B. MOFFATT, M. D., New York, and for sale by Wm. Mann and J. S. Ingraham, Bangor, S. Libbey, Orono, Peleg Hall, Milford. oct22 56 wly

Republican Nomination.

FOR GOVERNOR

LOT M. MORRILL

The Progress of Democracy.

It is a doctrine of the Dred Scott decision that persons of African descent cannot become citizens of our *free* Republic because (as Judge Taney labels alleges) our fathers did not be have that the African had any rights which the white man was bound to respect. This enunciation of doctrine was at first received with some qualms by the northern organs of the sham democracy, and a few feeble attempts were made by some of them to evade and even to deny the doctrine. But they have got bravely over all that—and now take the decision down kindly with all its doctrines and sentiments. Nay they volunteer to go further than that in order that the Southern managers shall have nothing to complain of in regard to their advocacy of "democratic doctrines." They now come square up to the Southern mark and declare not only the the African has no right to his freedom—but (see Bangor Journal) that HE IS ACTUALLY BETTER OFF WITHOUT IT.

Shade of Jefferson! When laboring for the abolition of slavery in Virginia, didst thou even dream that men claiming the name of democrats would one day declare that same slavery to be the proper and best condition of a whole race.

SANTA ANNA AGAIN IN THE FIELD. The most active and able of the men who have with fluctuating fortunes alternately swayed the destinies of Mexico and been driven from her borders, is Gen. Antonio Lopez de Santa Anna. He commenced his adventurous career as a military leader on a popular side, in the revolution which separated Mexico from the Spanish dominions, nearly forty years ago and by his ebrity, energy and ambition, raised himself to the supreme command. Counter revolutions however have several times dragged him from its eminence, and expelled him from the country but a thought often dreaming [illegible] of public life, and disgusted with [illegible] of republics he sometime how turns up [illegible] at every op[illegible] which of fers or him to [illegible] back into the bosom of ungrateful Mexico.

VOTING BY PROXY. An act to abolish voting by proxy in railroad corporations in the State of New Hampshire, has passed the House of Representatives by a very large majority. It will undoubtedly become a law.

Hon Zeno Scudder, formerly a member of Congress from Massachusetts died at Barnstable on Friday.

Ex Gov Anderson has taken time by the forelock and instead of waiting to be turned out has resigned the office of Commissioner of Customs which it was supposed he was to retain. Mr Buchanan says Maine gets more democratic patronage than she deserves.—We guess he is right there,—considering the character of the democracy.

Among the list of new patents issued for the week ending June 23 we notice the following: Joseph Peery and Abraham Sanborn, of Bangor Me, improvement in ships' windlasses. *Argus.*

There is evidently a typographical error in the above announcement. Sanborn's patent must be for an improvement in *political* windlasses. No man understands the art of turning, and of being wound up—politically—better than he.

LOCAL AND MAINE NEWS.

FOURTH OF JULY.—We understand that the arrangements for a Firemen's Celebration are going forward vigorously, and that with the various accessories which will be available in our city and vicinity, the occasion will undoubtedly be one of great interest and well calculated to afford gratification to the people. Invitations have been given to fire companies from abroad, and we are informed that there is no doubt of acceptance by a sufficient number to make a very fine display, and to give great interest to the trials for prizes. It is probable that two of the best bands of music in the State will be secured for the occasion, and the military escort afforded by our own volunteer companies, with the Brewer Artillery will be amply sufficient, and will make a very handsome appearance. An attractive feature of the celebration will be furnished by an energetic and handsomely uniformed company of juvenile firemen—the "Eagles"—which is now organizing to man the beautiful little tub presented last year to the son of Jeremiah Fenno Esq by Mr Button, the manufacturer of the celebrated Button tubs. The company consists of about forty boys from fourteen to seventeen years of age and of nearly uniform height. The boys were out on drill, with their engine, on Saturday afternoon, and made some excellent playing for so minute an establishment—throwing water 127 feet horizontally.

POLICE COURT. *Saturday* June 27. Edward Jones was brought before the Court, charged with being a drunkard. He was committed.

Patrick Dugan, was also brought up for being drunk and kicking up a muss generally. Fine and cost $5 50 which he paid.

Wm Dining for same, was fined the same, which was paid.

We call the attention of persons interested in the transportation of flour to the advertisement of the A & K R R. They have made very liberal arrangements with the Grand Trunk Road, and it will be now quite easy to secure its safe arrival from Canada.

THE ALABAMA SLAVES. This band of slave minstrels drew one of the largest audiences on Friday evening we have ever seen at a concert. Norombega Hall was crowded. Nearly two thousand persons were present. The "Boys" kept the audience in a roar of laughter. Their Financial Guarantees will undoubtedly be able to secure their freedom at an early day.

SANFORD'S OPERA TROUPE. On Tuesday Wednesday and Thursday evenings July 7, 8 and 9, this talented company will perform at Norombega Hall, in this city. Sanford's Troupe has a world wide reputation, and nothing need be said in their favor. They have traveled in all the Southern and Western States, and have everywhere met with unbounded success.

We are indebted to Bryant's Express for Boston papers in advance of the mail.

The summer vacation of our Schools will commence on the Fourth of July, and continues about seven weeks we believe.

Large quantities of squashes grown in the West Indies have been recently received by our dealers.

KILLED ON THE RAILROAD. On Friday morning the section men on the Grand Trunk Railway, as we learn by the Argus found the body of a man near the track about one mile and a half above Cobb's bridge in New Gloucester. The body was dreadfully bruised and mangled, and it was supposed that the man had been run over by the night freight train. The Selectmen of the town caused the body to be buried. The name of the man killed is not known, but the supposition is that he was an Englishman who has been seen recently in that vicinity engaged in peddling.

The Ellsworth American learns that Ex Governor Crosby is a candidate for the Castine Collectorship.

The city fathers of Rockland have had their government rooms decorated with evergreens as we learn from the Gazette—besides painting, varnishing, and newly carpeting. We suppose the premises present a very *spruce* appearance now.

A CALL.—The Maverick Church and Society in East Boston have extended a unanimous call to the Rev Mr Webb, of Augusta, Me to become their pastor.

DAMAGE BY LIGHTNING.—The Ellsworth American says that at Bluehill a valuable horse 4 years old owned by Joseph Hinckley and John Stephens Esq was killed by lightning during the shower on Monday noon last. The lightning struck in several places in that vicinity though doing no other damage.

Alexander M Ross, Chief Engineer of the Grand Trunk Railway and C H Gregory Esq, of London, have just made a thorough inspection of the whole line of the Grand Trunk Railway. These gentlemen were appointed for this purpose by the Grand Trunk proprietors in London. They are now in Portland.

A small amount of bonds of the K & P R R was sold by L H Green, Auctioneer, in Gardiner, last week at the rate of $100 for $600. The sale is not concluded—the amount of $9 000 being advertised to be sold.—*Bath Tribune.*

The annual session of the Maine Universalist Convention commenced at the Universalist Church in Rockland, on Tuesday morning, and closed on Thursday afternoon. The occasional sermon was preached by the Rev I C Knowlton, of Oldtown. Among the most important matters discussed at the Convention has been a general plan of church organization for the denomination reported by a Committee appointed last year for that purpose.

ARCTIC PANORAMAS. A panorama of the Arctic Regions, painted by Beale, of Philadelphia, is now on exhibition in Boston. This with the panorama of Pierce & Marston, and one painted in Gardiner, makes three already in the field.

The Powder House of W L Badger, agent for Buckfield powder, at Lewiston, was broken open on Saturday night, and sixteen kegs of blasting and five sporting powder stolen.

The Rockland Gazette states that the ladies of the first Baptist church and congregation in that city, will hold a Levee at Phenix Hall, on the evening of the 4th of July the proceeds of which will be appropriated to the fund which is being accumulated for the building of a chapel for the society.

Capt Putnam of York, Me, has a chair of oak, quaintly carved, much worm eaten, which he brought from Venice. It is six hundred years old, formerly belonging to one of the Doges, and has stood on the Bridge of Sighs.

The Portland Argus says that the first Methodist minister in Portland, Rev Jesse Lee went there in 1793, and though greatly opposed, the denomination prospered. Its first church was in Chesnut street, rebuilt in 1811, and removed to Pine street in 1846.

Mr Patrick H Keith, of North Auburn, has a cow part Durham five years old, which gave in seven days, 77 quarts of milk, from which milk *twelve and three fourths pounds* of butter was made. The cow had no extra feed, nothing but common pasturage. So says the Lewiston Journal.

TEMPERANCE LECTURE.—Hon Sidney Perham delivered a lecture on temperance at South Paris, on Saturday evening, of last week. It was a production everyway worthy of the able lecturer. Mr Perham is an earnest advocate of the cause, as well as a close observer, and from the opportunities he has had for a short time past of observing the condition of affairs in some sections of the State was able to give an address of great practical value.—*Oxford Dem.*

KENNEBEC & PORTLAND RAILROAD.—The Portland Argus of Saturday says. The Trustees to whom was mortgaged this road and franchise &c, Oct 10 1852, to secure the payment of the Company's bonds to the amount of $250,000 and the coupons for interest there on, have called a meeting of the holders of said bonds, to be held in the Brunswick Depot July 23 to organize in accordance with the provisions of an act of this State entitled "an act providing for the foreclosure of certain mortgages given to secure the payment of bonds and coupons issued by railroad corporations and to determine in regard to the expediency of the Trustees entering into possession of said Railroad, for the purpose of running and managing the same on their behalf and to vote such instructions, and to adopt such other measures as they may deem advisable to obtain or secure the benefit of said act.

The Trustees call this meeting on account of the coupons of April and October 1856 not being paid.

ROBBER ARRESTED.—The thief who broke into Pickering & Kilvert's store, and stole $400 in jewelry, has been arrested. His name is John H M Forest, a young unmarried shoemaker, who at the time of the theft worked at his business in this village, and who left a short time after.—*Lewiston Journal.*

We learn that a barn in the north part of this town belonging to Mr Z Chase, was struck by lightning during the severe shower on Saturday, 11th, badly shattering the roof and splintering some of the boards. The damage was not great.—*Oxford Dem.*

We learn that a dwelling house was struck by lightning at Kendall's Mills, on Monday last, and considerably damaged. A cat, sitting at the feet of a lady near a fire place, was instantly killed while the lady escaped without injury.—*Clarion.*

The Election in Kansas.

(From the Special Correspondent of the N Y Tribune.)

LAWRENCE K T, June 16 1857.

So far as I have been able to ascertain the [illegible] entire ticket has beat the "Union Walker ticket, so far that the latter makes a poor show. The County Court decided at its term in May last that there should be voting precincts in this bogus Douglas County at Lecompton Franklin Gum Springs (an imaginary town on the Shawnee Reserve,) and on Washington Creek. Since then there has been an attempt to change the programme. The design of leaving Lawrence, by far the most important place in the county, without representation, of course excited indignation, even among those who knew they could not vote.—As circumstances fully developed the sincerity of the Free State policy and the certainty of its being maintained, the bogus Judge who is capable of being swayed, yielded to the persuasions of some cunning men, and issued a handbill which changed the voting precinct from Franklin to Lawrence. At the latter place they appointed Mr Crane a Pro Slavery man, and two men who have passed for Free State men, one of whom however, had anxiously endeavored to get a nomination but in vain. No place was allowed him on the ultra Pro Slavery ticket of course, and when the shrewd calculating portion of the Pro Slavery men, who are under management made up a ticket one half of them Pro Slavery men and the other half pretended Free State men who acted with the enemy are locked on as renegades, this same person was left off. He therefore refused to act as Judge of election, having arrived at the conviction that the thing would not do. The bogus Sheriff of this county quarreled with the bogus Judge and declared that there should not be an election in Lawrence. The two parties each asserted their authority, and each declared that returns from such points would or would not be legal. Whatever influence tended to prevent it, no polls were opened in Lawrence.

[From the Boston Daily Advertiser June 25.]

NOMINATION OF MR BANKS.—The Republican Convention at Worcester yesterday nominated Hon N P Banks as the candidate of the party for the office of Governor. This is a nomination which will command the support of the people of the State. Mr Banks has displayed abilities of a high order in the various public stations to which he has heretofore been called, and there is every reason to suppose that he will fill the gubernatorial chair with honor to himself and to the Commonwealth. The signal and usual mark of approbation with which leading citizens in this vicinity signified their appreciation of his abilities soon after the adjournment of Congress, is doubtless fresh in the minds of our readers, and is an indication of the character of popular feeling in his favor throughout the State.

It is greatly to be desired that the anomalous confusion of parties which has lately reigned in this State, shall be reduced to simplicity and order in such a manner as to secure a uniform and responsible administration of State affairs. We trust that the terms in which Mr Banks will respond to the Republican nomination, and the character of the canvass in his support, will be such as to conduce toward this end. In this case we believe that he will be triumphantly elected, and that when elected he will find himself supported by a Legislature possessing a Republican majority in both branches, who will afford him an efficient support in carrying out measures for the benefit and advantage of the Commonwealth.

A NEW MOTIVE POWER. The Baltimore Patriot is enthusiastic over a new motive power, alleged to have been discovered and brought into practical operation by Prof. J. C. F. Salomon, of that city. It is called the "Sulph. Oil Carbonic Acid Engine." The Professor has been at work on his discovery for the last ten years, during which time he has been aided by some of the most opulent and intelligent citizens of Baltimore. The machine is a common reciprocating steam engine differing in no material feature from those in general use, only a new motor is used, which is thus described by the Patriot:

"The patent novelty consists in the motive power and its application, which wholly supersedes steam. This motor is produced by a compound of desulphiated bi sulphuret of carbon coal tar and volatile or fixed oil which under certain influences of heat becomes powerfully expansive, and thus gives momentum. Though only a four horse engine, it was performing the estimated duty of ten horses, and has been so doing since put in operation nearly a fortnight ago.

The great virtue and triumph of this wonderful invention, which in all probability will cause a revolution in mechanics are its economy, safety, and power, combining also cheapness and convenience.

The fluid, or gas, constituting the motive power, is used over and over again with scarcely any diminution or waste, being thrown, after performing its work, from the heater to the condenser, and from the condenser to the heater again, with thorough renovation. The heater, where the gas or fluid is introduced, is submerged in a cistern of heated oil kept hot by a gentle fire. In this condition the gas expands gaining its power and passing through pipes and valves, acts upon the piston, giving motion to the engine. The appliances are simple, easy of comprehension, free from complication, and not subject to accident or derangement. Thus a steady active force is at all times kept up.

The cost of this fluid is estimated at ten cents per gallon, and it is demonstrated that eighteen gallons, by careful attention, will run an engine of the capacity here noticed for one year. Its components are such as not to freeze, even at ninety degrees below zero. The amount of fuel is, in a proportion of fifteen pounds of coal to one hundred pounds, compared with a steam engine of the same dimensions, whilst more than double the force can be brought into requisition.

A trial with steam under an equal application of heat, is said to have clearly demonstrated a great superiority of this new motor in its application, over steam. With a degree of heat which produced eighty revolutions per minute with the new motor, the steam engine moved but slightly and stopped. Besides it is claimed that explosion is impossible, and thus a great point is gained in obviating danger.

THE INDIAN MASSACRES AT THE WEST. Regarding the party of Indians which attacked an emigrant train near Fort Riley, and committed various other depredations in that vicinity, the St Louis Republican makes the following statement:

"It may be recollected that Col Sumner left Fort Leavenworth some three or four weeks ago with six companies of cavalry and two companies of infantry for the purpose of making war upon the Cheyennes. He divided his force, sending one portion up the Arkansas, under command of Major Sedgwick, and leading the other himself up the Platte. It would appear that the Indians have slipped down between these two columns and commenced murdering and robbing in their rear. The Cheyennes are amongst the boldest and most warlike Indians on our western prairies and if once fairly aroused will be difficult to subdue. They number about one thousand warriors, and will doubtless be joined by many young Sioux braves with whom they are closely connected.

In addition to the above massacre, we have already chronicled in our columns the destruction of an emigrant train near Fort Kearney during which twenty persons were shot or tomahawked by the Indians—so recently that the full particulars have not yet reached us. The massacre of twenty settlers, men, women and children at Spirit Lake, is yet fresh in the minds of all, and taking these and similar facts into consideration, it is evident there is a universal disposition among the Sioux and kindred tribes west of the Mississippi, to engage in hostilities.

NO PLACE LIKE HOME. The Dover Observer gives the following extract of a letter from one of the citizens of that place who recently went west.

"I have made a flying visit to Kansas since I left your place, April 29th. We had a pleasant and prosperous journey there. After visiting some of the noted towns in Kansas, and trying to find some place for the summer where I could make it seem just a little like home but without succeeding, I concluded to retrace my steps and come again to New England, where one can take the most comfort, with a small amount of money, of any place in the world. I longed to see the comfortable eastern houses, with their clean grassy yards, and cool clear wells of water. The spring has been very cold and backward in the western States. Provisions of all kinds very scarce and high priced in Kansas, and emigrants and travelers from every State in the Union rushing in to enrich them as fast as they are freighted inland. Those who went to Kansas early in the spring, have made money by buying land, but it is up to such an exorbitant price now, that few prudent men would wish to purchase at the present rates.

MEETING OF BUTCHERS.—An adjourned meeting of the beef and mutton butchers of Philadelphia was held on Thursday evening, for the purpose of making general nominations of delegates to attend a Convention of butchers which it is proposed to hold in the city of Baltimore during the month of September. The Inquirer says:—

We learn from Mr Lowry, who has been in correspondence with the principal butchers in the cities of Baltimore, New York, Cincinnati and Boston, the results of his correspondence. From most of these letters it was made evident that the butchers of those cities are ready for a general convention, the object of which shall be to adopt means by which the enormous price now asked for cattle may be considerably reduced.

The example of the butchers of the city of Baltimore in forming themselves into a protective association and employing a competent agent to purchase all their cattle from the drovers and graziers, and thus save the profits realized by the speculators, has certainly had the effect of arousing the butchers of other cities—who are not only forced to make their purchases from the middle men, but also to pay full price for stuffed cattle—to a knowledge of what is right and just between buyers and sellers.

Chief Justice Marshall was in the habit of going to market himself and bringing home his purchases. Frequently he would be seen returning home at sunrise, with poultry in one hand and vegetables in the other. On one occasion a fashionable young man from the North, who had recently removed to Richmond, was swearing violently because he could get no one to carry home his turkey. Marshall stepped up, and asking where he lived, said

"That's on my way, I will take it for you."

When they came to his house the young man said "What shall I pay you?"

"O nothing," said the Chief Justice, "it was on my way, and no trouble."

"Who is that polite old gentleman who brought home my turkey for me?" inquired the young man of a bystander.

"That," replied he, "is John Marshall, Chief Justice of the United States."

"Why did he bring home my turkey?"

"To give you a severe reprimand, and to teach you to mind your own business," was the reply.

True greatness never feels above doing anything that is useful, but especially, the truly great man will never feel above helping himself. His own independence of character depends on his being able to help himself. Dr Franklin, when he first established himself in business in Philadelphia, wheeled home the paper which he had purchased for his printing office, on a wheelbarrow with his own hands.

Having every facility for manufacturing and preparing the several articles named the public may rely on having them *pure and genuine*, as they are put up carefully and bear our name and label TREMONT MILLS E E DYER & CO To give consumers some idea of our sales, we annex the following scale of prices viz

5lb 8 uchong Tea,	1 75	5lb Mocha Coffee	1 10
5lb O long Tea	2 00	5lb Java Coffee	1 00
5lb Y Hyson Tea,	2 50	8lb, good Coffee	1 00

The Spices are put up in ¼ and ½ lb tin cases expressly for family use, and are warranted to be strictly a pure article and only need a trial to establish them in public favor

SPANISH COFFEE —We would call the attention of consumers and dealers to our *Spanish Coffee*, as an article which is highly esteemed, and gives the greatest satisfaction It is prepared with particular care and by a peculiar process in roasting, one pound of this coffee, it is believed is equal to 1½ lbs of any other

DANDELION COFFEE —This article is carefully prepared at our mills and put up in packages having our trade mark and may be relied upon as the best and most approved mixture of dandelion and coffee

TARAXACUM or *Prepared Dandelion Root* This article is prepared and roasted at our Mills, is retailed by Family Grocers generally in city and country, and bearing our trade mark, ' *Chinaman grinding coffee,*' may be relied upon as the *genuine article* The proportion used is about one half the quantity of coffee The price is 20 cents per pound and it is warranted to be the same as that which has been sold for fifty cents a pound by druggists

The medical properties of Dandelion are well known, and held in high estimation by all who use it This being a preparation of the root, with all its medicinal virtues retained, can be mixed with coffee or not, as best suits the taste and will be found cheap and economical as a family beverage, one pound of which being nearly equal to two pounds of coffee It is prescribed by many eminent physicians, to invalids, children and aged persons, as a nutritious beverage, and as a remedy for Dyspepsia, Bilious affections, &c

Be careful to observe that all our Taraxacum has our trade mark—' Chinaman Grinding Coffee"—as there are many imitations of our article called Taraxacum in the market

To Grocers and Dealers a liberal discount is made enabling them to supply their customers at the same low rates

TO CASH PURCHASERS —Our object being to secure large sales at small profits, we offer inducements which cannot be afforded by those who do business on the credit system, and we confidently invite an examination of the *quality* of our stock, and our prices, as compared with those of any other house

American & Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

(Late Agent of U S Patent Office Washington under the Act of 1837)

No. 76 State Street, opposite Kilby St., BOSTON

AFTER an extensive practice of upwards of twenty years continues to secure Patents in the United States, also in Great Britain, France, and other foreign countries Caveats, Specifications Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch Researches made into American or Foreign works to determine the validity or utility of Patents or Inventions and legal or other advice rendered in all matters touching the same Copies of the claims of any Patent furnished by remitting One Dollar Assignments recorded at Washington

This Agency is not only the largest in New England but through it inventors have advantages for securing patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY he would add that he has abundant reason to believe and can prove that at no other office of the kind are the charges for professional services so moderate — The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents These besides his extensive library of legal and mechanical works and full accounts of patents granted in the United States and Europe render him able, beyond question to offer superior facilities for obtaining patents

All necessity of a journey to Washington to procure a Patent and the usual great delay there are here saved inventors

Testimonials

During the time I occupied the office of Commissioner of Patents R H EDDY Esq of Boston did business at the Patent Office as Solicitor for procuring Patents — There were few if any persons acting in that capacity who had so much business before the Patent Office and there were none who conducted it with more skill fidelity and success I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States and I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office
EDMUND BURKE
Late Commissioner of Patents

[From the present Commissioner]

August 17 1855 —During the time I have held the office of Commissioner of Patents R H Eddy Esq of Boston has been extensively engaged in the transaction of business with the Office as a Solicitor He is thoroughly acquainted with the law and the rules of practice of the Office I regard him as one of the most capable and successful practitioners with whom I have had official intercourse

THE LUXURY AND PROFIT OF HONEY MAKING.

Torrey's Bee Hive.

THE subscriber having purchased the right of making and selling *Davis Patent Bee Hive* for the Counties of Penobscot Lincoln and Sagadahoc which has been received with so much favor and taken the first premiums wherever exhibited has introduced an improvement into the Bee Hive and is now prepared to make the same in connection with the Davis Platform, and to sell rights to towns and individuals

This Bee Hive, thus improved is admitted by persons acquainted with the honey making business to be superior to every thing yet invented for the purpose It covers all the requisitions for the profitable maintenance of the apiary by providing for ventilation at all seasons of the year—room for the exercise and feed of the bees—convenience for the removal of excrement, for the proper separation of the swarms and generally for the health and comfort of the workers

The boxes used in this Hive for storing honey are the best adapted in their size, for the market, holding from three to six pounds each

The subscriber wishes to purchase one hundred swarms of bees in exchange for bee hives and individual rights

For sale, fifty swarms of Bees, with the new hives
